

# Annual Report 2020

## "PrayatnaSchool of Excellence"

"Prayatna School of Excellence" is a registered NGO, non government organization which *aims to deliver Excellence in the Education and lay the foundation for the citizens of tomorrow.* We are a young team of working professionals, college students, sr. citizens who are committed for child welfare, child development, student empowerment and school upliftment through promoting "education reforms". Prayatna NGO is working in urban rural areas to improving quality education especially in migrants and urban disadvantaged youth. Prayatna also focused at policy implementation in govt. schools and assist in admissions through the effective implementation of Right to Education Act 2009.

Prayatna does have the desire to revolutionize the Quality of education by the introduction of innovative ways of teaching and learning, provided at the primary and secondary level.

The necessity is to develop not just an educated citizen, but to produce a learned individual who can distinguish between what is right and what is wrong.

Prayatna primary objective is to promote "**Inclusive Education**" by connecting Schools, Corporate, Social change makers, Teachers, Residents and other sections of the community in efforts to ensure "**Inclusive Development**" for the society.

## From Founder 's Desk

"During the tough pandemic times it is happening very first time when learning model for the students is being changed at big extent. It is good that everyone has understood the benefits of online teaching. Nowadays children love online learning and nowadays parents also demanding that even after the pandemic time the online learning should be continued so it is quite visible that few new changes are envisaged in teaching in coming years. Quality of teaching and contents are also improved because now it has become possible to give personalized teaching to every student and with at home with full safety.

Online classes trend has emerged to make new avenues of teaching and "Creative Learning" is the most happening thing that we have been used in the tough times of COVID-19 since April 2020. The objective is very straight forward and that is besides the regular academic learning children must be taught essential life skills that have been neglected in academic sessions of our education system especially in government schools. Fulfilling the goal of becoming learned individual it is very necessary to children to be equipped with these skills at early stage of life. *Finally, I must say for next couple of months our motto should be scale up the operations at all levels. It should be **Speed Up! Scale Up!**"*

**Praneet Sushil, Founder**

**Life Skills Coach, Prime Mentor & Counselor**

## From Teacher 's Desk

- ❖ *"working on technology is the only profession I can think for myself. I can do it day and night tirelessly. Prayatna has given me chance to use my abilities to its fullest by teaching those unprivileged students who really need special assistance. "*

**Inderjit Kumar, Science & Technology Head**

## From Volunteer 's Desk

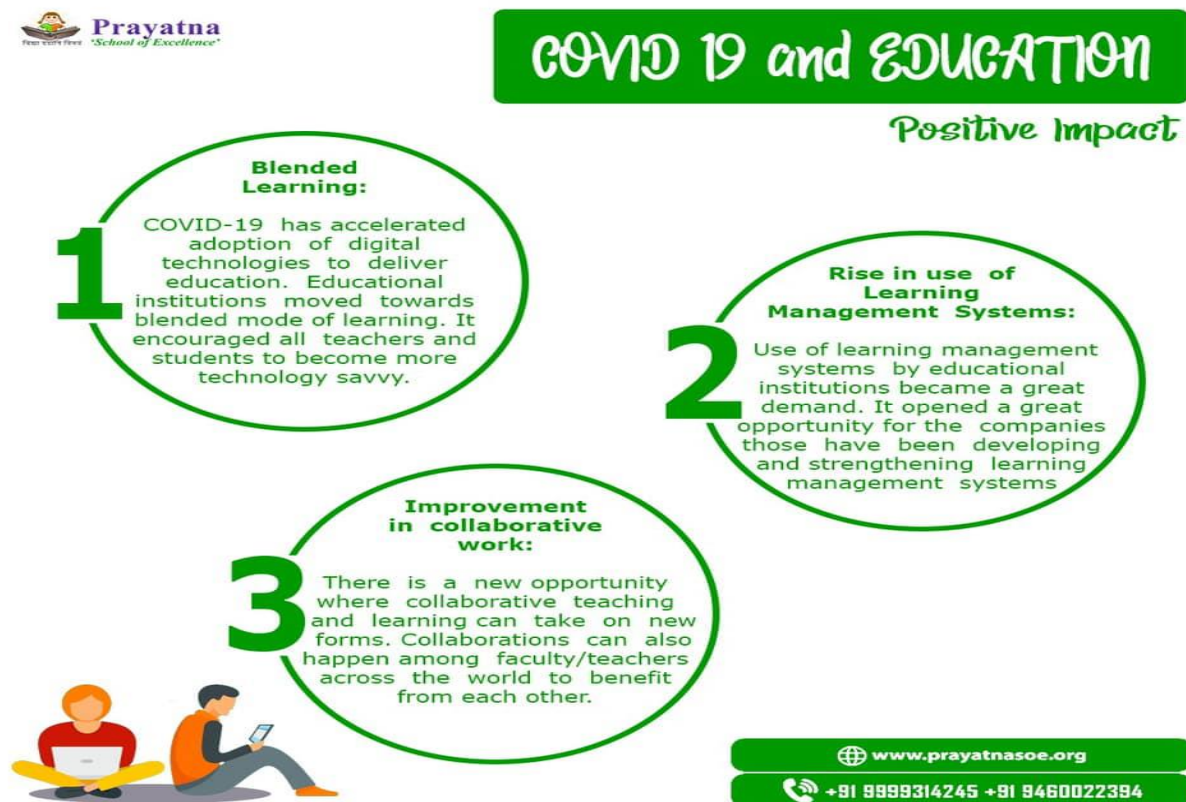

- ❖ *"I am so thankful for the opportunity given to me in Prayatna. I grew up here, studied here and now I am teaching here, providing support as much as I can. I feel so empowered by giving back what I received in Prayatna. I wish students, teachers and management a great success in Future"*

**Akash Kanojia**

## Works, Challenges and Initiatives in COVID-19

### Outline of the Work Model during Pandemic

During the tough pandemic times it is happening very first time when learning model for the students is being changed at big extent. It is good that everyone has understood the benefits of online teaching. Nowadays children love online learning and nowadays parents also demanding that even after the pandemic time the online learning should be continued so it is quite visible that few new changes are envisaged in teaching in coming years. Quality of teaching and contents are also improved because now it has become possible to give personalized teaching to every student and with at home with full safety.

**COVID-19** has had an impact on almost every sector. Talking about education, despite bringing many difficulties, yet the hard times have taught us to move towards the digital and tech-savvy approach.

We have learned to make use of technology and have been teaching the students to receive education through their mobile phones, using the internet. We tried to distribute mobile phones to every possible hands so that they can be connected and learning should not be interrupted 😊

## Creativity in Teaching

Online classes trend has emerged to make new avenues of teaching and “Creative Learning” is the most happening thing that we have been used in the tough times of COVID-19 since April 2020. The objective is very straight forward and that is besides the regular academic learning children must be taught essential life skills that have been neglected in academic sessions of our education system especially in government schools. Fulfilling the goal of becoming learned individual it is very necessary to children to be equipped with these skills at early stage of life

### **Creative Learning Model**

“Creative Learning Model” (CLM) is a set of Online Master Classes that are meant for our children to equip them with the Life Core Skills essential to meet the challenges of everyday life. As a part of this initiative, our child becomes Self Aware, Good Decision Maker, Emotionally Intelligent and learns to have a Clear Vision for a life. In this model children will have to undergo with certain Master Classes that cover various proven strategies for effective child development with the help of Story-telling techniques for building emotional intelligence, public speaking exercises for effective communication in life, activity based learning for promoting leadership qualities and certain brain boosting and memory enhancing exercises for becoming smarter decision maker.

The model encourages the inclusion of understanding of human brain behaviour and various brain boosting exercises at early stage of childhood so that children can use of it to learn other life skills quickly. We must teach children to not only be Skilful at Earning but also to be Skilful at Living

There is a complete Holistic Development Model based on Life Skills for every child that is the need to meet the demands of 21<sup>st</sup> century.

CLM is designed for class 4<sup>th</sup> to class 9<sup>th</sup> grade students (up to age 15 years) and it is delivered in Hindi and English mediums so it is best suited for all children irrespective of schools, medium, board.

### **Five Key Components (Key Programs) of CLM**

- **Brain-boosting & Mind Mapping Exercises**
- **Story Making & Story Telling**
- **Communication & Public Speaking**
- **Theatre based Creative Activities**
- **Leadership Skills – Student Empowerment**

Prayatna tried to manage Five distinguished programs for students Online with its Dedicated Volunteering Team under the able leadership of Praneet Sushil, Founder and Like Skills Coach of Prayatna and a renown scholar and child development activist.

## COVID Relief Work by Prayatna Students

One of the most affected people, during the pandemic are the migrant workers of India. The long period of lock-down has consumed all of their savings, leaving them with no work and no stable income.

On their rough journey, we are helping them by supplying food and basic necessities to them. Our **true superheroes** are COVID warriors, who despite all the odds help those in need. We are delighted to have been a part of this help that have supported over thousands of daily wage workers and migrants during the critical times of pandemic.

A glimpse of Prayatna's Warriors and their efforts in sustaining the lives of migrant workers during the times of Corona Virus.

# COVID WARRIORS

COVID-19 Pandemic spreading all over the world infecting lakhs of people & facing inconceivable circumstances. Lakhs of people getting sudden deaths due to dreadful Coronavirus. DailyWage workers lost their jobs due to lockdown & families are suffering with starvation. Migrant workers are in pathetic condition.

We are helping daily wage, migrant workers who lost their jobs in this critical crisis Pandemic Covid-19. Join us in our efforts in sustaining our fellow countrymen's lives.

+91 9999314245 +91 9460022384

Under govt. "**Distress Ration Card**" scheme Prayatna team assisting residents of Om Vihar, New Palam Vihar, Molahera and others for submitting forms to Corporater office (MCG paarshad). In this situation of COVID-19, we are reaching government schemes to the needy people so that they can benefit from all the schemes.

Whatever help we can do, we are trying to help such needy people.

### Technology Used in Implementation of this Project

We used rigorously mobile phones (smart phones) for the implementation of Project. We have been using web portals, social media platforms and smart electronic equipment

## Online Academic Classes

COVID-19 has called for critical times especially for the marginal workers and migrants. People in small villages don't have access to the internet therefore cannot receive education. Prayatna is making contributions in helping people get access to internet so that they can get educated.

## Education DURING COVID.

**Help spread the wings of children who dream of studying and receiving education.**

**Join hands with Prayatna to help them climb up the staircase of their dreams.**

Students are now receiving education through social media apps like Whatsapp, and video conferencing platforms like Zoom and Google Meet Classroom.

Prayatna is also using such platforms to keep the teaching process steady and continuous.

We are Thankful to the "**Educators Team**" who are devoting their skills, knowledge and time to younger generations. Whether it is mathematical problem, general English or communication skills class for upper grade students Online Educators Team is taking out time for their counseling.

## Online Sessions and Webinars

Prayatna organized few Online Webinars on various special days like Independence day, Teachers day, Swami Vivekananda – World Brotherhood Day, Special Diwali Session and so on.

A glimpse of **Web Conference cum Discussion" on Education, present scenario and its challenges** with few eminent educationists,

The banner features a dark blue background with a white circular portrait of Swami Vivekananda in the top left. The main title 'Teachers Day Special Web Conference' is in large, yellow and white fonts, with the date 'Saturday 5th Sep, 7:00 PM IST' below it. The Prayatna logo is in the top right. Five speakers are listed in white rounded rectangles, each with a circular portrait and their name and credentials. At the bottom, there is a white banner with the text 'Special Attraction : Poetries, Speeches by Children Only on Zoom, Facebook Live' and icons for Facebook Live and Zoom.

## Scholarships Program for Super Performers

**COVID-19 Scholarships have been distributed to Super Performers during Online Classes**

*"I have been interacting with this group of 8 smart boys and girls for the last nearly 3 months now. They have been disciplined and serious in attending online English classes every day. They have demonstrated their commitment and showed good learning aptitude. I am quite impressed with their hard work and have myself thoroughly enjoyed interacting with them.*

*I am pleased to announce **an award for each one of them in recognition of their sincere learning efforts and in showing commitment and discipline.** I would like to give from my personal side an award of Total 1,25,000/- for next six Months*
